

As a scientist, environmental educator, transit advocate, youth mountain biking coach, mother, and clinical health professional, I've worked nationally and internationally across agencies and functions. I know what it takes to lead through collaboration and deliver results.

37

I'm running for Supervisor because the (First District) needs a leader who listens, unites our community, builds bridges and brings us together. That's why school board members, seniors, disabled residents, firefighters and others have asked me to run.

37

(Santa Cruz County) faces big challenges — whether that's ensuring our community's teachers, first responders and frontline workers can afford to live here as housing costs rise; better preparing for wildfire, flooding and the effects of climate change so that we respond effectively when disaster strikes; or championing affordable, reliable and accessible public transit so that our community is better and more equitably connected — and frankly, those challenges are too great and too important to wait another four years.

74

I'm proud to be endorsed by (Planned Parenthood), (Assemblymember Mark Stone), (Supervisor John Leopold), (the Monterey Bay Central Labor Council) and community members like you.

18

Together, we can address housing affordability, combat climate change and promote a transportation system that works for everyone.

18

I would be honored to have your vote for change in (Santa Cruz County.)
