

## Accessible Voting

### At the polling place

To check polling place accessibility, look for the wheelchair symbol on the back cover of this pamphlet. If your site is accessible, next to the symbol you will find the word Yes.

In some polling places, temporary thresholds, ramps, signage, cones, and door props, are used to improve access to the facility.

### Curbside voting

If your polling place is not accessible, you may vote on a paper or an electronic ballot from a nearby accessible location, including a car. A poll worker will qualify you to vote and will return the voted ballot to the polling place.

To request curbside voting assistance, you can:

- call in advance to coordinate a time and place
- have an assistant make the request inside the polling place

### Accessible voting system

Each polling place in the county has a touch screen voting system with:

- an audio option that reads the ballot to you
- a universal plug for personal assistive device
- large print (24 points)
- a choice of English or Spanish

### A ride to your polling place

We can arrange to have an accessible van pick you up and take you to the polls to vote. Please call prior to Election Day to make an appointment.

### Ballot delivery to your home

We can deliver a ballot to your home and return it to the Elections Department. Please call before Election Day so there will be enough time to provide assistance.

### Voting information

Audio versions of the information about local measures and information in the State Voter Guide are available on request. The recordings are available approximately four weeks before the election.

### How to request assistance

To request any of these options, or for assistance with accessible voting:
