

## How to vote in a General Election?

In the November General Election, all voters receive the same ballot, no matter what political party you are registered with, or if you have no party preference. The address where you are registered to vote determines which contests are on your ballot.

In the June Primary Election, all Californians were able to vote to decide which candidates for federal, state, and county offices moved on to the November General Election. Most candidates for county offices in June received enough votes to be elected without having to be in a run-off in November.
